AGGIE Plumbing & Service, Inc.
High Country Beverage A Colorado Company
Associates in Family Medicine Be heard. Be well.
Poudre Valley REA Your Touchstone Energy® Cooperative
Fathers in the Field

"I WANT TO DO SOMETHING THAT MATTERS TO OTHER PEOPLE, THAT I HAVE THE POWER TO EMPOWER OTHERS THROUGH THE WORK THAT I DO."

Sarah Eisenach, PHS, GL Guatemala '18, Executive Board President '19

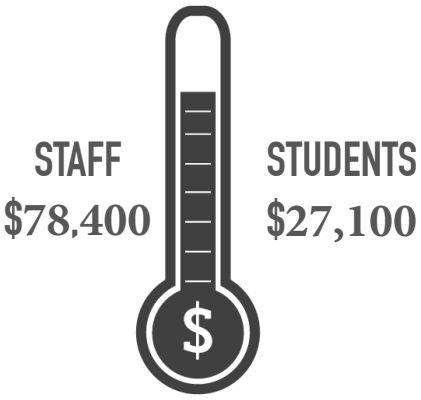
"GL HAS TOTALLY REDEFINED WHAT SERVICE MEANS TO ME AND MADE IT SUCH AN IMPORTANT PART OF MY LIFE...IT'S ABOUT TOUCHING THEIR HUMANITY WITH YOURS AND GIVING PEOPLE A HAND-UP. IT'S ABOUT REALIZING YOUR PRIVILEGE AND MAKING USE OF IT--PRIVILEGE ISN'T SOMETHING TO FEEL GUILTY ABOUT, IT'S SOMETHING YOU SHOULD DO SOMETHING WITH."

Zoe B., PHS, GL Guatemala '17&18, Executive Board '17-19

"GL ALLOWED ME TO VIEW THE WORLD WITH A DIFFERENT PERSPECTIVE, TO SEE THE LARGER PICTURE, AND TO HAVE A GREATER UNDERSTANDING OF PEOPLE AND CULTURES DIFFERENT THAN MY OWN."

Skyler H., RMHS, GL Guatemala '18, Executive Board 17-19'

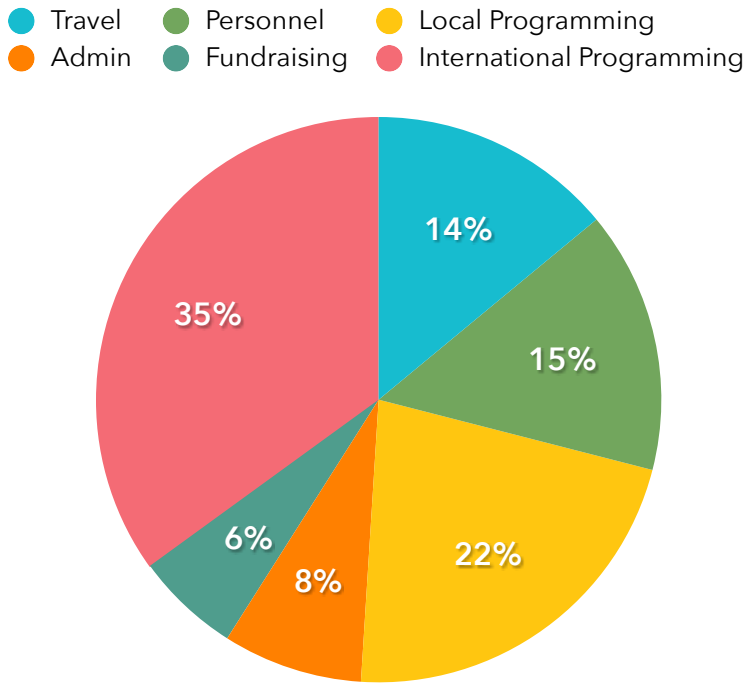
FUNDRAISING



TOTAL RAISED
$105,500

*9 students in need received:
$10,920 in financial aid and fee waivers

Where did Global Leaders spend that money?



Guatemala
2200 hours of service

- 2000 trees in Pastores
- 17 clean and efficient cookstoves installed
- 320 hours working on a small coffee farm
- 320 hours of service at Hospital Hermano Pedro

Fort Collins
3240 hours of service

- over 70 hours of local service per student
- partnering with community supporters

2018-2019 was another successful year for Global Leaders. After 42 students' year of service and leadership, 28 of them traveled to San Miguel Escobar, Guatemala. Following the legacy that former GLer, Maddie Schink, left behind, students took part in GL's 2nd year installing clean and efficient cookstoves in homes in rural Guatemala alongside local Guatemalan students. Students were inspired to create their own legacies as well, and our very first "Project Leaders" group was started. One student, Lillian, started a GL partnership with Mission After School Time (MAST), wherein GL students spend time after school each day with the homeless children in Fort Collins. Her legacy will be a continuous partnership connecting Fort Collins youth and giving students a new perspective of their very own community. Another student, Lindsey, was well on her way to providing water filters to families in rural Guatemala, and through needs assessments, she discovered that many communities believe filtered water will result in sickness. She is now communicating with Aurelio and his team to find a way to move forward - an excellent part of the service learning process! Finally, two students, Lauren and Zoe, are investigating how to maneuver around cultural stigmas to provide lasting feminine hygiene products to women and girls. To top it all off, the Executive board took greater responsibility for team-building, service project planning, and fundraising, aiding in the most successful Fiesta de Global Leaders ever! We made $44,500! Even more, 0./7-0.0. npmhcargm1q dmp jma_j qcptgac fmspq _pc fgefcp rf_l ctcp _r _l cqrgk_rcb **9,504** fmspq Uc _pc fc_bcb gl an exciting bgpcargm1,
